Professional profile

Learning product specialist and instructional designer who reviews, evaluates and uplifts digital learning. A professional assessor by background — a decade auditing to ISO standards at UKAS — now applying that rigour to eLearning: auditing and rebuilding Rise 360 and Storyline products, redeveloping accredited qualifications, and setting the design standards and accessibility frameworks that keep them consistent and maintainable.

100%	L3–L6	2,000+	70+
External certification success, redeveloped programmes	Rise 360 products audited & rebuilt (NVQ to HE)	Hours logged in the first year of Forged Frameworks, 40+ modules	ISO 15189 & 17025 lab assessments

Signature projects

Pass ↑ — **Rise 360 audit & rebuild** — Audited and rebuilt Rise 360 products across L3 NVQ and L6 HE programmes — raising WCAG compliance and external qualification pass rates.

Standards — **Rise 360 design standards & journey** — Consolidated Rise 360 style guides, LMS learner-journey wayfinding and programme-voice frameworks for consistency and long-term maintainability — WCAG 2.2 & EN 301 549 aligned.

AfL — **Interactive assessment for learning** — HTML-embedded reflective and knowledge-check packages for metacognition and assessment for learning, integrated into the Catalyst pipeline for rapid Rise builds.
