Core specialisms

Line management & people development

- Line management of teams of 2 to 20
- 1:1s, appraisals, objectives & development plans
- Recruitment, onboarding & induction
- Absence, performance & capability
- Succession & contingency planning

Apprenticeships & accredited programmes

- KSB, RQF & FHEQ mapping (Level 3 to 6)
- Middlesex-accredited degree modules
- End-point assessment preparation
- Ofsted-facing content: Prevent, safeguarding, British values
- Training plans, competency matrices & sign-off

Certifications

- TAP Diploma in Learning Design (2021)
- IBMS Certificate of Expert Practice in Training (2017)
- IBMS Specialist Diploma in Haematology & Transfusion (2007)
- UKAS Technical & Lead Assessor — ISO 15189, 22870, 17043

Education

MSc Biomedical Sciences (Immunohaematology) — Merit
Cardiff Metropolitan University · 2016

BSc (Hons) Biomedical Sciences — First Class
Cardiff Metropolitan University · 2007

BSc Biology — 2:1
University of Portsmouth · 2003

Registration

- HCPC Registered Biomedical Scientist
- Chartered Scientist (CSci)
- IBMS Full Member

Professional profile

Learning designer and experienced line manager who builds accredited, standards-mapped learning. Has line-managed teams of up to 20 in NHS pathology and led up to 47 trainers at UKAS, with 1:1s, appraisals, recruitment, absence and development plans. Designs Level 3 to Level 6 apprenticeship and Middlesex-accredited degree content mapped to KSBs, RQF and FHEQ, with 100% external certification success, all to WCAG 2.2.

20	100%	650+	2,000+
Line reports at most (NHS); 47 trainers led at UKAS	External certification success, redeveloped programmes	Training days moved online, Feb 2020 to Mar 2021	Hours logged in the first year of Forged Frameworks, 40+ modules

Professional experience

Founder & Creator

Aug 2025 – Present

Forged Frameworks

- Design Level 3 to Level 6 apprenticeship and degree modules for Tiro Training, mapped to KSBs, RQF and FHEQ outcomes and Middlesex module narratives: 1,500+ hours across 28 since September 2025.
- Manage Tiro's Moodle LMS and publish modules to it, from build to learner-ready course.
- Coordinate SMEs, project leads and other learning designers on medical-education publishing work, managing performance against agreed deliverables.
- Content design as well as learning design: scripts, storyboards and interactive HCP education across five programmes, 150 hours since June 2026.
- Build ATAC asbestos content for Level 3 further education, bespoke employer programmes such as Introduction to Construction Materials, and Ofsted-facing content on safeguarding, Prevent duty and British values.
- Built Catalyst, an AI authoring pipeline that cuts SME time by about 40%, with human sign-off at every stage.

Daniel Boyland

Further specialisms

AI & digital learning

- Agentic AI authoring & content pipelines
- Bespoke HTML/CSS/JS blocks & xAPI wrappers
- Rise 360, Storyline, SCORM, xAPI, Moodle
- Accessibility (WCAG 2.2, EN 301 549)

Leadership & collaboration

- Project leadership & cross-functional coordination
- Stakeholder engagement — employers, SMEs, regulators
- Design-workshop facilitation with SMEs & curriculum teams
- Coaching, mentoring & capability development
- Commercial training delivery & consultancy

Platforms & tools

Authoring & media

Articulate 360 (Rise, Storyline) · SCORM · xAPI · Visme · Canva · Vyond · Descript · Camtasia

LMS & VLE

Moodle · Totara · FutureLearn

Code & AI

Python · HTML/CSS/JS · Claude Code · OpenAI Codex · OpenAI & Gemini APIs · Google Apps Script · NotebookLM

Quality systems

Q Pulse · iPassport · Telepath / Dedalus · Ideagen

Professional experience (continued)

Learning Content Manager

Sept 2024 – Aug 2025

Tiro Training Ltd

- Line-managed 2 content staff and led about 12 contract SMEs and designers: 1:1s, objectives, performance against deliverables and development plans.
- Led product development with clients and employers, from scoping a programme to launch.
- Content design as well as learning design: 240+ hours of L3 to L6 blended learning across six technical sciences, including video scripts and storyboards.
- Aligned every programme to its standards: apprenticeship KSBs, RQF and FHEQ outcomes, and IBMS, ATAC and BPF requirements; 100% external certification success.
- Designed modules for Middlesex-accredited degrees leading to RSci / RChem recognition.
- Supported end-point assessment preparation; redesigned the Moodle VLE and brought GenAI tools into the content pipeline.

Senior Training Manager

Feb 2022 – Sept 2024

UKAS Training Academy

- Line-managed up to 3 direct reports (training managers and coordinators): 1:1s, appraisals, recruitment, onboarding, absence and development plans.
- Led a pool of about 30 internal and external training facilitators, 47 at its peak, plus SMEs, designers and developers: onboarding, competency and quality of delivery.
- Ran the ISO 15189, 17025 and 17043 programme for clinical, testing and calibration laboratories, with courses aligned to each standard; managed budgets and external resource and grew the digital and blended portfolio.

Training Manager

Feb 2020 – Feb 2022

UKAS Training Academy

- Moved 650+ training days of classroom teaching to remote delivery between Feb 2020 and March 2021: material rebuilt for Adobe Connect, Rise 360 learning packs and pre-packs around each session.
- Developed healthcare content: measurement uncertainty, PoCT, proficiency testing, ISO 19011 audit.
- Supported assessor-workforce competency, documentation and digital delivery.

Assessment Manager, Medical Laboratories

July 2018 – Feb 2020

UKAS (Healthcare)

- Planned and led ISO 15189 assessments for clinical and diagnostic laboratories, including pan-pathology teams.
- Oversaw assessor competency, evidence review and governance.
- Supported organisations preparing for ISO 15189 and 17025 accreditation.

Daniel Boyland

Teams I've led

~20 — **NHS haematology (acting senior)**
Biomedical Scientists, MLAs, support and clinical staff

5 — **NHS haemoglobinopathy service**
Biomedical Scientists and support staff

~150 — **NHS training (co-ordinator)**
Training remit, support workers to senior scientists; 9 training leads

3 + 47 — **UKAS Training Academy**
3 training managers and coordinators; up to 47 internal and external trainers

2 + 12 — **Tiro Training**
2 content staff; about 12 contract SMEs and designers

Teams — **Forged Frameworks**
SMEs, project leads and other learning designers, by project

How I manage

- 1:1s, appraisals and objectives
- Development plans and mentoring: success management, not only performance
- Recruitment, onboarding and induction
- Absence, performance and capability
- Succession and contingency planning
- Training plans, competency matrices and sign-off

Interests

Sci-fi, science and literature. Creative metalwork and blacksmithing — building my own forge and metalwork brand. Walking, running and wellbeing. Mental-health advocacy, and two very opinionated cats.

Professional experience (continued)

Technical Assessor & Quality Specialist — Nov 2017 – 2024

UKAS

Continuous parallel thread alongside training roles — UK & international.

- Conducted 70+ technical assessments across healthcare, proficiency testing, forensics and calibration.
- Advised on competence frameworks, audit preparation and process improvement; led data-integrity checks.
- Supported international accreditation bodies (Saudi Arabia, Ukraine, Netherlands).

Biomedical, Diagnostic & Managerial Roles — Feb 2004 – Jul 2018

NHS Wales — Cardiff & Vale UHB

- Trained staff to the IBMS standards of competence and HCPC standards of proficiency, so trainees could gain the IBMS Certificate of Competence and complete Specialist Portfolios in haematology.
- Aligned laboratory training to ISO 15189, BSQR, HTA, JACIE, HCPC and IBMS standards for every grade of staff.
- Built training and competency matrices; planned and assessed placements for trainees on IBMS-accredited degrees; IBMS verifier and examiner.

Training & Standardisation Co-ordinator — Dec 2016 – Jul 2018
Training remit for ~150 staff across 8 sections, from support workers to senior scientists; chaired a 9-lead training team; succession and contingency planning.

Acting Automated Haematology Senior — Apr – Dec 2016
Line-managed about 20 staff (Biomedical Scientists, MLAs, support and clinical staff): 1:1s, appraisals, absence and capability; led the CPA→ISO 15189 transition.

Acting Haemoglobinopathy Diagnostic Service Manager — May 2015 – Jun 2016
Managed a team of 5 (Biomedical Scientists and support staff); Wales-wide screening for 4 of 7 health boards; ~£42k/yr saving via new algorithm.

Specialist Biomedical Scientist — 2009 – 2015

Biomedical Scientist & Medical Laboratory Assistant — 2004 – 2009

Founder & Blacksmith — 2020 – Present
