Core specialisms

Learning product review & ID

- Auditing & uplifting existing eLearning
- Instructional design for digital learning
- Qualification & curriculum redevelopment
- Assessment for learning, knowledge checks & metacognition

Standards, accessibility & delivery

- Design standards, templates & style guides
- Advanced Articulate Rise 360 & Storyline
- WCAG 2.2 & EN 301 549 accessibility
- LMS journey design (Moodle, Totara)

Education

MSc Biomedical Sciences (Immunohaematology) — Merit
Cardiff Metropolitan University · 2016

BSc (Hons) Biomedical Sciences — First Class
Cardiff Metropolitan University · 2007

BSc Biology — 2:1
University of Portsmouth · 2003

Registration

- HCPC Registered Biomedical Scientist
- Chartered Scientist (CSci)
- IBMS Full Member

Professional profile

Learning product specialist and instructional designer who reviews, evaluates and uplifts digital learning. A professional assessor by background — a decade auditing to ISO standards at UKAS — now applying that rigour to eLearning: auditing and rebuilding Rise 360 and Storyline products, redeveloping accredited qualifications, and setting the design standards and accessibility frameworks that keep them consistent and maintainable.

100%	L3–L6	2,000+	20
External certification success, redeveloped programmes	Rise 360 products audited & rebuilt (NVQ to HE)	Hours logged in the first year of Forged Frameworks, 40+ modules	Line reports at most (NHS); 47 trainers led at UKAS

Signature projects

Pass ↑ — **Rise 360 audit & rebuild** — Audited and rebuilt Rise 360 products across L3 NVQ and L6 HE programmes — raising WCAG compliance and external qualification pass rates.

Standards — **Rise 360 design standards & journey** — Consolidated Rise 360 style guides, LMS learner-journey wayfinding and programme-voice frameworks for consistency and long-term maintainability — WCAG 2.2 & EN 301 549 aligned.

AfL — **Interactive assessment for learning** — HTML-embedded reflective and knowledge-check packages for metacognition and assessment for learning, integrated into the Catalyst pipeline for rapid Rise builds.

Professional experience

Founder & Creator
Aug 2025 – Present

Forged Frameworks

AI-driven, human-assured learning-design consultancy.

- Review and uplift existing eLearning — evaluating structure, instructional design, learner journey and long-term maintainability.
- Set design standards, templates and style guides for Rise 360 and LMS learner-journey consistency.
- Manage Tiro's Moodle LMS and publish modules to it; coordinate SMEs, project leads and other learning designers against agreed deliverables.
- Build HTML-embedded reflective and knowledge-check packages for assessment for learning and metacognition.
- Design agentic AI pipelines converting schemes of work into SME-ready, build-ready frameworks — all WCAG 2.2 / EN 301 549 aligned.

Further specialisms

Leadership & collaboration

- Project leadership & cross-functional coordination
- Stakeholder engagement — employers, SMEs, regulators
- Design-workshop facilitation with SMEs & curriculum teams
- Coaching, mentoring & capability development
- Commercial training delivery & consultancy

ISO, quality & technical

- ISO 15189, 17025 & 17043 (train, assess, implement)
- QMS governance, documentation & audit readiness
- Technical assessment of laboratories
- Evidence validation & data integrity

Certifications

- TAP Diploma in Learning Design (2021)
- IBMS Certificate of Expert Practice in Training (2017)
- IBMS Specialist Diploma in Haematology & Transfusion (2007)
- UKAS Technical & Lead Assessor — ISO 15189, 22870, 17043

Platforms & tools

Authoring & media

Articulate 360 (Rise, Storyline) · SCORM · xAPI · Visme · Canva · Vyond · Descript · Camtasia

LMS & VLE

Moodle · Totara · FutureLearn

Code & AI

Python · HTML/CSS/JS · Claude Code · OpenAI Codex · OpenAI & Gemini APIs · Google Apps Script · NotebookLM

Quality systems

Q Pulse · iPassport · Telepath / Dedalus · Ideagen

Professional experience (continued)

Learning Content Manager

Sept 2024 – Aug 2025

Tiro Training Ltd

- Audited and rebuilt Rise 360 products across L3 NVQ and L6 HE programmes, raising WCAG compliance and external qualification pass rates.
- Led product development with clients and employers, from scoping a programme to launch.
- Redeveloped qualification and curriculum-based programmes across six technical sciences (240+ hours), aligned to apprenticeship KSBs, RQF and FHEQ outcomes.
- Worked within professional-body and awarding contexts — IBMS, ATAC (asbestos) and BPF (polymers) — and Middlesex-accredited degrees leading to RSci / RChem recognition.
- Line-managed 2 content staff and led about 12 contract SMEs and designers: 1:1s, objectives and development plans; mentored them in instructional design, accessibility and inclusive practice.
- Consolidated Rise 360 style guides and LMS learner-journey design; integrated GenAI authoring into the content pipeline.

Technical Assessor & Quality Specialist

Nov 2017 – 2024

UKAS

Continuous parallel thread alongside training roles — UK & international.

- Conducted 70+ technical assessments across healthcare, proficiency testing, forensics and calibration.
- Advised on competence frameworks, audit preparation and process improvement; led data-integrity checks.
- Supported international accreditation bodies (Saudi Arabia, Ukraine, Netherlands).

Senior Training Manager

Feb 2022 – Sept 2024

UKAS Training Academy

- Ran the ISO 15189, 17025 and 17043 programme for clinical, testing and calibration laboratories; managed budgets and external resource and grew the digital and blended portfolio the COVID year had started.
- Line-managed up to 3 training managers and coordinators: 1:1s, appraisals, recruitment, onboarding, absence and development plans.
- Led a pool of about 30 internal and external training facilitators, 47 at its peak, plus SMEs and designers: onboarding, competency and quality of delivery.

Training Manager

Feb 2020 – Feb 2022

UKAS Training Academy

- Moved 650+ training days of classroom teaching to remote delivery between Feb 2020 and March 2021: material rebuilt for Adobe Connect, Rise 360 learning packs and pre-packs around each session.
- Developed healthcare content: measurement uncertainty, PoCT, proficiency testing, ISO 19011 audit.
- Supported assessor-workforce competency, documentation and digital delivery.

Daniel Boyland

Products I've reviewed & rebuilt

L3–L6 — **Rise 360 audit & rebuild**
L3 NVQ to L6 HE products, raising WCAG compliance and pass rates

100% — **Redeveloped programmes**
External certification success across six technical sciences

Standards — **Design standards & journey**
Rise 360 style guides and LMS learner-journey wayfinding

Moodle — **VLE redesign**
Redesigned Tiro's Moodle; now manage it and publish modules to it

50+ — **VLE migration**
Assets migrated with SCORM conversion and AI-assisted tagging

ISO QA — **Learning Audit Framework**
Multi-stage QA tool aligned to ISO and apprenticeship audit requirements

Interests

Sci-fi, science and literature. Creative metalwork and blacksmithing — building my own forge and metalwork brand. Walking, running and wellbeing. Mental-health advocacy, and two very opinionated cats.

Professional experience (continued)

Assessment Manager, Medical Laboratories
July 2018 – Feb 2020

UKAS (Healthcare)

- Planned and led ISO 15189 assessments for clinical and diagnostic laboratories, including pan-pathology teams.
- Oversaw assessor competency, evidence review and governance.
- Supported organisations preparing for ISO 15189 and 17025 accreditation.

Biomedical, Diagnostic & Managerial Roles
Feb 2004 – Jul 2018

NHS Wales — Cardiff & Vale UHB

Training & Standardisation Co-ordinator — Dec 2016 – Jul 2018
Training remit for ~150 staff across 8 sections, from support workers to senior scientists; chaired a 9-lead training team; succession and contingency planning.

Acting Automated Haematology Senior — Apr – Dec 2016
Line-managed about 20 staff (Biomedical Scientists, MLAs, support and clinical staff): 1:1s, appraisals, absence and capability; led the CPA→ISO 15189 transition.

Acting Haemoglobinopathy Diagnostic Service Manager — May 2015 – Jun 2016
Managed a team of 5 (Biomedical Scientists and support staff); Wales-wide screening for 4 of 7 health boards; ~£42k/yr saving via new algorithm.

Specialist Biomedical Scientist — 2009 – 2015

Biomedical Scientist & Medical Laboratory Assistant — 2004 – 2009

Founder & Blacksmith
2020 – Present

Wig's Wonky Forge

- Founded and run a creative-metalwork brand, designing and hand-forging bespoke ironwork.
- Built my own forge and established the business end-to-end — making, branding and sales.
- Applies iterative design, craft discipline and resilience away from the screen.

Continuing professional development

GenAI in Learning Design (Coursera / Google) · Accessibility & Universal Design for Learning · ISO 15189:2022 Implementation & Internal Audit · Prompt Engineering for L&D · AI Literacy for Educators.

Values & soft skills

Detail-focused reviewer · Standards-driven · Analytical · Quality-minded · Client-focused · Collaborative · Integrity-driven
