

# Daniel Boyland

## ISO Technical Assessor • Quality & Training Specialist

Cwmbran, South Wales | 07878 602772 | dan.boyland@forgedframeworks.co.uk |  
linkedin.com/in/daniel-boyland-577b6476 | danforgedframeworks.github.io/Portfolio

### Core specialisms

#### ISO, quality & technical

- ISO 15189, 17025 & 17043 (train, assess, implement)
- QMS governance, documentation & audit readiness
- Technical assessment of laboratories
- Evidence validation & data integrity

#### Leadership & collaboration

- Project leadership & cross-functional coordination
- Stakeholder engagement — employers, SMEs, regulators
- Design-workshop facilitation with SMEs & curriculum teams
- Coaching, mentoring & capability development
- Commercial training delivery & consultancy

### Education

**MSc Biomedical Sciences (Immunohaematology) — Merit**  
Cardiff Metropolitan University · 2016

**BSc (Hons) Biomedical Sciences — First Class**  
Cardiff Metropolitan University · 2007

**BSc Biology — 2:1**  
University of Portsmouth · 2003

### Registration

- HCPC Registered Biomedical Scientist
- Chartered Scientist (CSci)
- IBMS Full Member

### Professional profile

ISO technical assessor and quality training specialist with over a decade in ISO 15189, 17025 and 17043 environments. Combines deep QMS governance, laboratory assessment and audit-readiness expertise with the ability to design and deliver technical training at scale — 650+ training days a year and 70+ laboratory assessments across healthcare, proficiency testing, forensics and calibration. Founder of Forged Frameworks, bringing evidence-led design and regulatory credibility to learning and compliance projects.

|                                   |                                  |                                               |                                                                  |
|-----------------------------------|----------------------------------|-----------------------------------------------|------------------------------------------------------------------|
| 70+                               | 650+                             | 40%                                           | 2,000+                                                           |
| ISO 15189 & 17025 lab assessments | Training days delivered per year | Content production time cut via AI automation | Hours logged in the first year of Forged Frameworks, 40+ modules |

### Signature projects

- 650/yr **ISO technical training programme** — Designed and delivered commercial ISO 15189, 17025 & 17043 training across clinical, testing and calibration sectors.
- Portfolio **Virtual-delivery migration** — Moved the full UKAS Academy training portfolio online during COVID, adding PoCT, measurement-uncertainty and audit content.
- ISO 15189 **CPA → ISO 15189 transition** — Led change control, method validation, measurement uncertainty, budgets and quality documentation to achieve laboratory accreditation.

### Professional experience

Select a role to expand, or press Enter

- Founder & Creator** Aug 2025 – Present  
**Forged Frameworks**  
ISO accreditation consultancy and AI-enabled learning design — QMS evaluation, ISO 15189 readiness and UKAS application support.
- Technical Assessor & Quality Specialist** Nov 2017 – 2024  
**UKAS**  
70+ ISO 15189/17025 lab assessments across healthcare, PT, forensics & calibration; UK and international.
- Senior Training Manager** Feb 2022 – Sept 2024  
**UKAS Training Academy**  
650+ training days/yr on ISO 15189, 17025 & 17043; led trainers, budgets and digital transformation.

Further specialisms

AI & digital learning

- Agentic AI authoring & content pipelines
- Bespoke HTML/CSS/JS blocks & xAPI wrappers
- Rise 360, Storyline, SCORM, xAPI, Moodle
- Accessibility (WCAG 2.2, EN 301 549)

Learning, curriculum & pedagogy

- Instructional design & blended learning
- Apprenticeship & RQF curriculum (L3–L6)
- Video scripting, storyboarding & media selection
- Competence frameworks & assessment strategy
- Metacognitive & learning-science models

Certifications

- TAP Diploma in Learning Design (2021)
- IBMS Certificate of Expert Practice in Training (2017)
- IBMS Specialist Diploma in Haematology & Transfusion (2010)
- UKAS Technical & Lead Assessor — ISO 15189, 22870, 17043

Platforms & tools

Quality systems

Q Pulse · iPassport · Telepath / Dedalus · Ideagen

Authoring & media

Articulate 360 (Rise, Storyline) · SCORM · xAPI · Visme · Canva · Vyond · Descript · Camtasia

LMS & VLE

Moodle · Totara · FutureLearn

Code & AI

Python · HTML/CSS/JS · Claude Code · OpenAI Codex · OpenAI & Gemini APIs · Google Apps Script · NotebookLM

Career history

Select a role to expand, or press Enter

Assessment Manager, Medical Laboratories

July 2018 – Feb 2020

UKAS (Healthcare)

Planned and led ISO 15189 assessments for clinical and diagnostic laboratories.

Training Manager

Feb 2020 – Feb 2022

UKAS Training Academy

Migrated the UKAS Academy portfolio to virtual delivery; built healthcare training content.

Learning Content Manager

Sept 2024 – Aug 2025

Tiro Training Ltd

240+ hours of L3–L6 blended learning across six technical sciences; Moodle redesign and GenAI-assisted authoring.

Biomedical, Diagnostic & Managerial Roles

Feb 2004 – Jul 2018

NHS Wales — Cardiff & Vale UHB

14 years in NHS pathology — from Medical Laboratory Assistant to acting senior and manager roles across haematology, transfusion and haemoglobinopathy.

Founder & Blacksmith

2020 – Present

Wig's Wonky Forge

My own creative-metalwork and blacksmithing brand — hand-forged ironwork and a growing craft side-business.

Continuing professional development

GenAI in Learning Design (Coursera / Google) · Accessibility & Universal Design for Learning · ISO 15189:2022 Implementation & Internal Audit · Prompt Engineering for L&D · AI Literacy for Educators.

Values & soft skills

Collaborative

Analytical

Creative problem-solver

Reflective practitioner

Inclusive communicator

Continuous learner

Integrity-driven

Interests

Sci-fi, science and literature. Creative metalwork and blacksmithing — building my own forge and metalwork brand. Walking, running and wellbeing. Mental-health advocacy, and two very opinionated cats.
